# FTERS BACK FRAUD CHARGE, WOMAN CLAIMS

## Shortridge Lead Growing in Counties About Bay Region

(Continued from Page One)

Bales county, the situation early to day was uncertain. In the ninth Charles F. Van de Water was leading Rep. Charles H. Randall for the Republican nomination. Randall was unopposed for the prohibition nomination. In the tenth district overnight returns were too meager to give any indication of the district results. Representative Henry Z. Osborne ran unopposed for the Republican nomination, but for the Democratic nomination was opposed by M. Miller, Brian.

In the third, fourth, fifth and eleventh districts there were no contests, a nominee being selected on both the Republican and Democratic tickets without opposition.

At yesterday's elections candidates

were nominated for 80 seats in the state assembly and twenty in the state senate from the odd numbered districts, superior court judges, county central committee men and various minor county offices.

On the face of the returns the two

bond issues for the construction of a memorial auditorium and a colum

ium in Los Angeles appeared to have the needed two-thirds vote. A proposition to issue about \$90,000 bonds for the purchase of the site of the government balloon school at Arcadia is to be voted on at the United States election to be held on Nov. 5.

The tabulators in Los Angeles

said they would not resume until about noon or possibly later.

"Surely you don't intend to try to keep my property? It is so we going to have a lot of trouble,"

kindly leave the house at once. You can't keep the house and lot and I won't let you."

In a previous letter dated June 1, last, McConkey wrote: "Miss Wright that you are not McConkey and as such she will fight her efforts to obtain possession of the property. An extract from the letter says:

"Surely you don't intend to try to

keep my property? It is so we going to have a lot of trouble,"

kindly leave the house at once. You can't keep the house and lot and I won't let you."

In this same letter McConkey re

fers to a business man in which he

had got into trouble and was in

danger or arrest. He also advises

Mrs. Wright to sell the house of

533 Boulevard way as he intends to

purchase a bungalow upon his re

turn to Oakland.

These are the latest developments

in the suit of Miss Wright to recover

property which she alleged McCon

key obtained from her by fraud in

having her sign a deed conveying the

property to him. His mother, Mrs. Mary E. McConkey, while Miss

Wright was temporarily blind from

rabies as a result of being bitten by

a dog.

Randall's Hard Fight

- Surprises "Talent"

BY ASSOCIATED PRESS  
LEASED WIRE TO TRIBUNE

LOS ANGELES, Sept. 1.—Polit

icians here said one of the sur

prises of the election was the sur

prise made against Congressman

C. H. Randall, who sought renom

nation in the Ninth district. Randall

lost his lead as Republican nomine

to Van de Water of Long Beach,

who ran about 2000 ahead in his

home town. Then the count see

sawed, putting Ralph Criswell tem

porarily to the front and at noon

the available returns from about 280

precincts out of 1296 in the district

gave Randall a lead of fifty votes

over his nearest opponent.

Policemen pointed out, however,

that if Randall had nixed out of the

Republican nomination he would

still have his chance in November,

in which he was nominated by

Democrats and prohibitionists, and

unopposed on those tickets.

**Police Recommend**

**Traffic Rule Changes**

Recommendations by Sergeant

John T. Fahy, traffic officer of the

police department, for speed regulations

in various parts of the city, were sub

mitted by Chief of Police J. F. Lynch

to Commissioner F. E. Morse this

morning and were laid before the

council by the department head.

The recommendations included the

placing of 15-miles-per-hour speed

signs on the west side of Telegraph

avenue at Fifth, second street, at

Thirty-ninth, and Broadway, changing

effecting a reduction from the pre

vious speed allowed of 20 miles an

hour.

According to the Lynch report, the

district effected is built at present to

such an extent as to demand the

regulations suggested, which are in

conformity with the state motor ve

hicle act. The placing of "Danger

Show" signs at Fifty-first street was also

recommended. The report was turned

over to Commissioner Morse.

**Regular Surgeon for**

**City Employees Urged**

Action on the recent recommendation

of Health Officer H. L. Hazen

for the employment of a regu

lar surgeon to treat cases of injured

city employees was turned over to

the City Council to Committee

of Public Health and Safety

following a report on the situation

from City Attorney H. L. Hazen

which reported that the suggestion

of Dr. Smith would result in a sav

ing to the city as well as being more

beneficial than the present method to

city employees. He suggested that in

carrying out the recommendation the

council might increase the duties of

the police and fire departments and

require them to keep such cases, and

ask recommends a continuance of the

hospital to handle all city cases.

# HAIL GUARANTY BY U. S. LAPSES

## GAS TUBE ENDS MOTHER'S GRIEF FOR DAUGHTER

SAN FRANCISCO, Sept. 1.—Mrs. Florence Carey, 42 years old, this morning had a wish fulfilled when she died two days after her daughter, who died two years ago from influenza. The mother's lifeless body was found by members of her family sitting in a chair in the kitchen. She held between her lips a tube which was connected with a gas jet. The gas had been turned on.

Since the death of her daughter two years ago during an epidemic of influenza, Mrs. Carey has been partly demented, and constantly expressed a desire to be with her daughter to whom she had been devoted.

Mrs. Carey was the wife of Captain Charles L. Carey, now on a ship in the Atlantic, who disappeared when his ship was sunk by German submarines that attacked the ship of which he at that time was master.

Mrs. Carey had been living with relatives at 765 Second avenue.

The first order following the expiration is a slash of eleven hours in the running time of the Sunset Limited, east bound between San Francisco and New Orleans by the Southern Pacific company. Running time, westbound, will be reduced two hours. The schedule will go into effect October 1. This will mean that passengers leaving San Francisco at 8 p.m. will arrive in New Orleans at 8 p.m. on the third day.

The consolidated offices of the Western Pacific, Southern Pacific and Santa Fe in Oakland will be abandoned. The New York Central, Baltimore and Ohio, and the Pennsylvania roads, which were closed when government control went into effect, will open offices in San Francisco and Los Angeles, renewing competition. Need for competent court services in the public in stimulating both production and business is emphasized in an appeal to employees issued yesterday by President William Sprout of the Southern Pacific company. Numerous changes in the interests of economy are contemplated.

## Big Store Employees Hold 'Get Together'

Employees of Whitthorne & Swan's department store held a monthly "Get Together" last night preceding on an impromptu stage a variety program prepared by their own numbers. W. R. Whitthorne made the address of welcome. A talk on co-operation was given by J. S. McFernan.

"A Friday Afternoon in a Village School," and the Fall 1920 Fashion Show" were the skits presented. A comedy playlet was offered by the "Cats." Do quarts of coffee were rendered by Miss Jessie Ferguson, Miss Pope, Miss Margaret Heidegger, Miss Pearl Tatman, Mrs. Francis Haas, Earle Hull, A. J. Perry, M. Pettit and Miss Estelle Moreau. Satires and caricatures were made by Artist Brussey and M. Murphy.

## Dahlias Are Arriving For Annual Exhibit

What is considered the most comprehensive and most beautiful collection of dahlias ever exhibited on the Pacific coast will be on view beginning tomorrow afternoon when the Fifth Annual Dahlia Show opens at the Palace Hotel in San Francisco. It will be continued through Friday and Saturday, both afternoons and evenings, under the auspices of the Dahlia Society of California.

Exhibits from all sections of the state now are pouring in and, for the next twenty-four hours, the show committee, under the direction of President James Davies, will be arranging the more than 2,000 entries. Potted plants have been coming in for some days, but flowers are held to the last minute in order to insure their being fresh.

Railroad companies of the United States are again placed on a competitive basis. The railroads' guarantee of monthly earnings made by the government under which the corporations, including the American Railroad Express company, have been operating since January 1, 1917, expired at midnight. The transportation act which it ended provided to railways a percentage based on investments.

**Father Threatens Sons, Accused of Insanity**

SAN FRANCISCO, Sept. 1.—John E. Coryn, 33 Baker street, is booked at the city prison on an insanity charge as a result of his young son's telling the police that their father threatened to lock them in a room and send their life by asphyxiation. The arrest was made when the elder son ran to the Park police station and said his father had two of his sons locked in a room and was threatening to kill them. Their mother died last December. Coryn denies the charge made by his sons.

At the stroke of six Ikey Snigglefritz laid down his goose. Ikey was a tailor's apprentice. Are there tailor's apprentices nowadays?

At any rate, Ikey rolled and snorted, and snarled and panted and snorted all day in the steamy fetor of a tailor shop. But when work was done Ikey hit his wagon to such stars as his friend never let him see. It was Saturday night, and the boss of the twelve bachelors had bearded dollars in his hand. Ikey dabbled discreetly in water, donned coat, hat and breeches, and trotted along his pins and chaises along his ideals.

For each of us, when our day's work is done, must seek our ideal, must it not? And so of Ikey, who after a long day's work, the sweet silence of the musty bookshelves.

Behold Ikey as he ambles up the street beneath the roaring "El" between the houses, seeking a cheap saloon, stooping to magnificent squad, doomed to exist forever in penury of body and mind, yet, as he swings his cheap cane and projects his poisonous hirsute from his cigar-arcade, particular that he and others have a dozen men on his trail to chronicle his every word of wisdom; he had been honored in caricature holding the Tiger clogging the lead.

But Ikey had a sore within him. There was a race of men from which he stood apart but that he viewed with the eye of Moses looking over the land of Canaan. He had a hand upon his heart, a look of discontent upon her plump but pretty face, and the very ruffle of her silks seemed a sigh.

There was a great and consequential man in the dining saloon of a hostelry where Fashion loves to display her charms. At one table sat

Billy McMaham, the greatest man, the most wonderful man, Ikey thought, than the world had ever produced. Billy McMaham was the district leader. Upon him the Tiger purred and his hand held mama to scat. Now, as Ikey entered, McMaham stood up, his hands clasped, and in the center of a human concourse of his lieutenants and constituents. It seems there had been an election, a signal victory had been won; the city had been represented by him by a resolution of ballot.

Ikey slunk along the bar and gazed breath-quicken'd, at the idol.

How magnificent was Billy McMaham! How great, how commanding! His fair, blue eye shone as a chicken hawk's; his diamond ring, his voice like a bugle call his prince's air; his plump and active roll of money, his chin, his friend and his smile—oh, what a kind of man he was!

How he observed his lieutenants though themselves loomed large and serious, blue of chin and important of mien, with a look deep in the eyes of their short overcoat!

But Billy—oh, what small avail are words to paint for you his glory as seen by Ikey Snigglefritz!

The last spark of Ikey's reason fled.

"Ikey," he called to the bartender, waving a trembling hand.

The corks of three bottles were drawn, the champagne bubbled in the long row of glasses and upped with his beaming smile at Ikey. The lieutenants and satellites took their seats and gawled. "Here's to you, Ikey," said the king in his princely robes, "you're here to stay!"

Ikey leaned against his bar and gazed upon Olympus.

"Have a drink with me, Billy," he said familiarly, shaking Billy McMaham's hand.

"I've heard you was talking about

starting some reforms among the poor people down in my district," Ikey told him, stepping forward to the little elbow square which majestically moved, and held out his hand.

Billy McMaham grasped it unhesitatingly, shook it and smiled.

Madame Van Duyckink had come to the door to destroy him. They threw away his scabbard and charged upon Olympus.

"Thank you, Mr. McMaham," he said in his deep, serious tones. "I have been thinking of doing some work of that sort. I shall be glad of your assistance."

"Don't mind if I do, old man," said the great leader. "Just to keep the ball rolling."

## STEPHENS TELLS HARDING ABOUT STATE JAPANESE

MARION, Ohio, Sept. 1.—Governor William E. Stephens of California, conferred with Senator Warren G. Harding here yesterday on the Japanese question in California. He took up with the Republican candidate the need for a solution of the problem, which, he declared, is steadily becoming more acute.

"California is determined that the Japanese question must be solved and solved speedily," said Governor Stephens. "No longer it be left to go to the hedges and shirk the task. Do not look for trouble with Japan. Japan is too big, too far advanced to cause trouble over this question in California. But solved it must be. We now have 100,000 Japanese in California, and the numbers are constantly increasing."

### Lawyers Would Bar Talks With Judges

SACRAMENTO, Sept. 1.—The local bar association announces the adoption of a resolution intended to prohibit the legal lodgment of attorneys of conferring with the superior judges in private, concerning cases pending in the courts.

The resolutions provide that "proceedings such as are deemed appropriate" shall be started against any member of the bar who continues the practice.

It also announced in the resolution that proceedings will be brought against litigants who approach superior judges and ask for private consultations.

The action of the bar association is believed to be the outgrowth of publicity recently given to alleged attempts to bribe Superior Judge Charles O. Busick.

### German Submarine Radio Is Discovered

MALTA, Sept. 1.—A complete wireless apparatus which was anchored in 20 fathoms of water off Melieha bay, with the mast and working parts below the surface to a depth of about eight fathoms, has been discovered by a party of Maltese fishermen.

The apparatus, which was subsequently removed by the dockyard authorities for an examination, is of German construction and is complete in every detail.

Undoubtedly signalling went on regularly during the war with submarines lying in wait for British vessels, it being quite possible to sink the mast before the operations were detected.

### RIO DRESSING FOR ROYALTY

Two curly-haired twin girls, five years old, formed the chief exhibit today in a case in the police court of Judge George Samuels.

They were Florence and Sadie Corons, daughters of John Corona, who had been arrested on a charge of failure to provide for them when Mrs. Harry Deable, who resides in Bond street, swore to a complaint.

Mrs. Deable testified that she had taken the children when they were six months old and sent them to reside with her own son, but she said the father had declined to assume any further obligation for their care and upbringing, despite the fact that he had agreed to pay \$30 a month for their support.

Corona, who seemed touched at the sight of his two daughters, pleaded for a chance to pay to Mrs. Deable the money he owed her for the care of his children, and promised to contribute regularly to their support henceforth.

He was placed on three months' probation.

**BULLETIN REPORTS  
NEW WAGE SCALE****Many Dinners  
To Precede  
Formal Debut**

The California Manufacturers' Association has published in bulletin form a statement of the new wage scale recently adopted by the Industrial Welfare League and made effective July 31. Doubt in the minds of employers of office help has prevailed generally and the association has taken this way of informing its members.

Experienced women and experienced minors shall be paid not less than \$1.10 weekly or \$65.33 a month. An adult woman who is experienced after six months' work and a minor is so classed after one year.

Inexperienced women shall be paid \$12 weekly, or \$52 monthly, for the first three months, and \$15 weekly, or \$60.66 monthly for the remaining nine months of the first year.

Inexperienced minors shall be paid \$10 weekly, or \$4.33 monthly, for the first three months; \$11 weekly, or \$47.66 monthly, for the second three months; \$12 weekly, or \$52 monthly for the third three months, and \$14 weekly, or \$60.66 monthly for the fourth three months of the first year of service.

For part-time work women must be paid 40 cents an hour, and minors 30 cents. Temporary workers must be paid \$2.66 a day.

SAN FRANCISCO, Sept. 1.—Announcement has been made here by the internal revenue department that it will be illegal to brew beer for personal use at home. Last year, 200,000 barrels of beer were sold.

Collector Wardell is referring all inquiries about home-made wine to a bulletin issued by the treasury department which says nothing may be added to fruit juices to increase their alcoholic content.

**GROCER UP AGAINST IT**

"I have been up against it for past three years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and a physician did not help me. I heard of May's Wonderful Remedy through a friend in Buffalo. The first dose gave me more benefit than all the medicines I had taken before and am now feeling as well as ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and relieves the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all drugstores.

**INFANT MORTALITY** is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupify, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.

There is such a thing as saying too much on any subject, and the "grand-stan" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good".

Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late?

## DUPLEXSEE VOTE TO NO PURPOSE

WASHINGTON, Sept. 1.—Proclamation of the suffrage amendment by the State Department is not affected by the action of the Tennessee House in reconsidering its vote for ratification; it was officially voted at the State Department today.

The State Department will take no cognizance of the action in Tennessee yesterday.

Suffrage leaders declared they had anticipated a fight in the courts and were confident that the amendment will stand until a final decision is given.

### TENNESSEE REVERSES

NASHVILLE, Tenn., Sept. 1.—The lower house of the Legislature made an effort yesterday to reverse its position on woman suffrage. It expunged from the Journal all record of ratification of the amendment and then voted 47 to 24 with 26 not voting, to refuse to concur in the action of the Senate, which had previously ratified the amendment.

Attorney General Thompson in a letter to the House declared reconsideration of the original vote on ratification was legally barred since the House had adopted it and Governor Roberts had certified to Secretary of State Colby the official action of the two branches of the Legislature.

### SUFFRAGISTS CAUGHT NAPPING

Shortly after the House convened it became evident that the anti-ratificationists, a majority of whom have been in Alabama on a filibuster for more than a week, were in the majority, through failure of several of the suffrage members to arrive in time. With clock-like precision, the anti's proceeded to put through their plan of action, undisturbed, and done. August 31, when ratification was accomplished.

## The Letters of Tessie and Joe

*Joe is a traveling salesman. Tessie is his loving wife. Follow their letters in The OAKLAND TRIBUNE.*

### DEAR JOE:

The expected has happened, as we expected it would, and the landlord dropped in today with the cheerful information that after October 1 the rent will be \$25 more a month. I say "cheerful" because he smiled all over his profiteering face when he broke the news, so it must be been cheerful, only I couldn't see the joke. Are you laughing, Joe?

"Do you intend to renew the lease, Mrs. Pick?" he says. "There are other parties waiting to take the house," he says. "Well, Mr. Horner," I says, waving the question lightly aside, "of course you intend to thoroughly do the house over inside and out as a slight recompensation." I says, "Well," he says, "I don't wish to appear to be unreasonable, Mrs. Pick." I will gladly pay half toward repairing that little master of the kitchen sink," he says. Can you imagine that, Joe? What he meant was those dripping spokkets that you always threatened to fix and never did.

I was so mad I could of gladly emptied two cans of Daisy Canned Soups down his throat. Not that I wish to knock your hat at all, Joe, but two cans of it at the same time I wouldn't hardly wish on my worst enemy. Of course I told him we'd renew the lease, but I gave him to understand that the pleasure was all his, to put it mildly. If we must be imposed upon we can least be ungrateful about it, that's how I feel on the subject.

I was sure the baby was getting a tooth today by the peculiar faces he was making, but I was wrong. I even looked with that magnifying glass that you got with cigar coupons when I wanted to get a neat chopper, but there's no tooth in sight yet. I can't imagine what he was making those faces about, unless he was sort of trying out his little features. I suppose a person's face does seem a triflil strange and unusual the first three months or so.

Ta ta, Joe. Here's hoping the demand for Daisy Canned Soups exceeds the supply, though I don't know as it's charitable of me to wish all that bad luck on so many people whether I know them personally or not.

Love and kisses, TESSIE.

## Many Treaties Are Menaced By Merchant Marine Act

WASHINGTON, Sept. 1 (By the Associated Press).—Examination by the State Department of commercial treaties to which the United States signed on has revealed that between twenty-two-four and twenty-seven of such pacts may have to be abrogated under the new merchant marine act, it is said by department officials.

Section 34 of the merchant marine act requires the President, within ninety days of, or by September 2, 1941, giving formal notice to foreign governments having commercial treaties with the United States that the American government intends to revoke any claims of the conventions which prevent the giving of preferential treatment to Americans or American ships.

Officials expressed the belief today that entire abrogation of the treaties would result from the notice of the President, as it is not thought that other nations will consent to the amendment of treaties in order to enable the United States to discriminate against their commerce and shipping.

### THE TREATIES AFFECTED

Although the number of pacts exists as to the precise intent of Congress, as expressed in the merchant marine act, on account of the radical consequences which must result in the strict carrying out of section 34, there are ten treaties which are considered as specifically falling within the provisions of the statute which probably will have to be abrogated.

They include those with Belgium, Holland, Mexico, Chile, Argentina, Uruguay, Brazil, Costa Rica, Japan, Denmark, Italy, Spain, Portugal, France, Germany, Austria, Hungary, and Serbia.

In the case of all, however, twelve months' notice must be given of the intention to abrogate.

### MANY OTHERS DOUBTFUL

There are also about twelve or fifteen other treaties about which some question exists as to whether their provisions contravene the merchant marine act.

These include treaties between the United States and the following na-

tions: Argentina, Chile, Uruguay, Brazil, Mexico, Costa Rica, Japan, Denmark, Italy, Spain, Portugal, France, Germany, Austria, Hungary, and Serbia.

In the case of all, however, twelve months' notice must be given of the intention to abrogate.

### CROP GOES TO WASTE

YUCA CHIC, Sept. 1.—A loss of \$50,000 will be borne by the Sutter Basin Company because the new freight rates are too high to allow a profit on a hundred carloads of cantaloupes, which will not be harvested, according to George Madock, manager of the company. He stated that it would not pay the company to ship the melons and that unless a nearby market was found the crop would go to waste.

### INDIAN RELICS FOUND

SANTA BARBARA, Sept. 1.—Contractors excavating the Mission tunnel have traversed an ancient burial ground and have brought to light

skulls of Indians, a number of implements and other evidences of a lost race.

Because dynamite had to be used, no skeleton was found in its entirety.

The excavators also came upon huge deposits of petrified clam and oyster shells.

### TO WAR ON CHICKEN THIEVES

PETALUMA, Sept. 1.—At a meeting of the Petaluma Poultry Keepers Association it was voted to ask the Chamber of Commerce to make a special reward of \$250 for the arrest and conviction of persons stealing poultry in the Petaluma district. The Poultry Producers of Central California, Inc., are to be asked to offer a similar amount to apply to their members.

It was decided to ask the Sonoma county board of supervisors to put into immediate effect the ordinance which they passed in 1915 regulating the sale of all poultry in the county.

Complaints have been made that poultry has been stolen from a number of ranches in the last few days.

### KERN NEEDS TEACHERS

BAKERSFIELD, Sept. 1.—Country schools in Kern county may have to delay opening until a sufficient number of teachers are available. An effort is being made by Lawrence Charnowich, county superintendent, to obtain teachers.

Alameda County, Mojave, Roseman, Rosedale, Lemo, Edison and Shafter are among the localities

now comparing favorably in this county with other districts, while qualifications required are high, it is said.

### CHILDREN FAIR FEATURE

TULARE, Sept. 1.—Children's Day, September 14, opening day of the Tulare County Livestock and Agricultural Fair, will be held in Tulare September 14-15, will be one of the big features of the fair. Mrs. Mabel Daffleymore will have charge of the Children's Day. Fifty children will present the "Wizard of Oz" at the evening entertainment. Boxing contests, races, etc., will be special features of the afternoon.

### ASSESSMENTS INCREASE

CHICAGO, Sept. 1.—Increase in the value of personal property and real estate responsible for \$214,694 increase in Chicago's 1920 assessment roll, according to City Clerk Ira R. Morrison. The 1919 valuation on personal property was \$350,870, against \$466,054, an increase of \$115,184. Real estate and improvements have jumped in value also, the 1920 roll showing a gain of \$108,810.

# Cigaret Butts Are Clews In Bethany Circle Crime

Santa Cruz Stirred  
by Two Double  
Tragedies

By H. C. HENDSE.

SANTA CRUZ, Sept. 1.—Upon cigarette butts of a popular and somewhat expensive brand, and upon the known acquaintance of George Johnson, for a woman some two years ago, the police today found the leads of evidence which were to lead to the solution of the killing of the Los Banos rancher and his life-time crony, Theodore Schmidt, here.

The tragedy, discovered Monday, is one of two which has laid a double weight of gloom upon the otherwise quiet precincts of Bethany Circle which is in Garfield Park, on the western outskirts of the city.

The second tragedy was the killing of Pauline, 16, a school girl, by her father, John Dominich, an Austrian cabinet worker.

IN SAME VICINITY.

The scenes of the two tragedies are within a few hundred yards of each other, in a sparsely built region. But while the story of Pauline and her father is simple, as simple as the story of a disordered mind can be, that of Johnson and Schmidt presents a darker puzzle on which all efforts of the county and city officials have been directed.

Colonel W. R. Congdon was to hold inquests into both cases today. The Dominich inquest was to be perfunctory, there was little to decide although the case, of the two, has most profoundly stirred the folk of the Bethany Circle region and promised to turn them out today in force to give their evidence.

The Johnson-Schmidt inquest was to be started that bodies too long had been buried. From the progress of the case made this morning it was doubtful if the inquest could hope to result in an enlightening verdict as yet.

SLAIN IN COFFEE.

Johnson and Schmidt, who were shot to death in their little green shingled cottage on Everett street, were found by Joe Orlando and a party of Mexicans who knew and had been employed by Johnson, and who were paying him a call.

The body of Schmidt lay crumpled on the floor of the kitchen. In a bedroom reached through a pantry on a bed lay the body of Johnson. Both had bullet holes in their heads. Schmidt plainly had died first since Johnson's clothes were stained and blood tracks went through the house.

The police would have said just a rel. murder and suicide after a drinking bout, but for two circumstances. The first and most vital is that they cannot find the revolver with which both men were shot and which from the nature of the wounds was the same weapon.

WOMAN RECEIVES MONEY.

The other theory is that a woman, who now sought, and who would be recognized by many persons in the vicinity, knows something of the secret of the two murders. She was seen to have been given money by Johnson as she stood in front of the cottage on Tuesday afternoon of last week. It was the same Tuesday night, apparently, that the green shingled house became a death cottage.

The circumstances of the cigarette butts is coupled with the search for the woman and the theory that a third person must have been present. Neither Johnson nor Schmidt, all witnesses agree, smoked cigarettes nor would they have favored the somewhat dainty brand chosen, had they been so minded. On the other hand it is said that the woman in the case had been known to use cigarettes. The butts had been dropped in many rooms and indicated either repeated or protracted visits by the cigarette smoker.

There is a broken beer bottle, one of many others, about which may have been shattered in a blow that caused a bruise on Johnson's head. The wound in the rancher's head, too, was powder marked; that on Schmidt's was not. These facts would tend toward the quarrel theory, if a weapon were to be found. The whole premises, however, have been searched, and there is no gun, the officers say. Neither was there evidence of robbery.

ONE LEFT TO MOURN.

Pauline's mother died in the old country five years ago and there is none left to mourn but Pauline's dog, Spot, who howled dismally when he had to be drugged away to the pound.

There are a number of relatives of Schmidt and his daughter here who will care for burying them when Coronor Congdon has finished today.

There are other relatives, those of Rancher Johnson and Blacksmith Schmidt, who will take the bodies to the San Joaquin valley for burial.

Johnson has a second wife, whom he married a year ago, Mrs. Anna Armstrong Johnson, who is a Florida woman. Where it is stated she went to visit Johnson was 58 years old. Schmidt was somewhat younger.

The two men had long been the best of friends and Peter Johnson, a hotel keeper in Newman, who is a brother of Johnson and came here Monday, said that he believed that his brother and the blacksmith had been slain, that they certainly would not have quarreled to the point of fighting even in liquor.

DAUGHTER IN S. F.

Beebe Harry, the aviator, Johnson is survived by a George, another son, living in Newark, and by three daughters, Mrs. J. M. Stith, of Newnan; Mrs. E. M. Butts of Healdsburg and Mrs. Edie Johnson of San Francisco. Johnson was born in Denmark where he leaves five sisters. Johnson's ranching was done at Los Banos and he was a man of some estate, although his possessions were meager.

Schmidt has a son, Howard, a mechanic, in San Jose. He had a divorced second wife in San Francisco.

Among the witnesses who it was desired to bring before the coroner

is the little green cottage stood the entire time on its side of the street, and since there were few who had great need to Johnson and his crony, Schmidt, who had been a blacksmith at Newman, albeit both were considered fair citizens of some substance, it is not strange that the tragedy should have been so long in becoming known.

A circumstance which delayed the discovery was that all the blinds of the cottage were drawn, but the actual remoteness of the two men from their neighbors is disclosed in the fact that most of the electric lights in the house were burning and seemingly had been since the night of the killing, and that the rays gleamed through cracks in the curtains.

DOORS NOT LOCKED.

The doors of the house were not locked when Joe Orlando and his friends stopped to pay their friendly call. Orlando said he only entered the house when the sight of Johnson on the bed caused him to leave at once and drive for a policeman.

It is not held possible that Johnson could have shot himself and then, as he was, have concealed the revolver so that the kind of search the police have made would not have brought it to light.

The statement was addressed to customers and employees of the company.

SAN FRANCISCANS HURT.

LOCATELLO, Ida, Sept. 1—O. N. Brewster, San Francisco, traveling salesman, and his wife, were seriously hurt at Inkton station near Potrero when an automobile in which they were riding was struck by a railroad engine.

PAULINE DOMINICH

## Woman Is Sought to Throw Light on Deaths

today were Mrs. Hobkirk, Sensney, Joe Orlando of Los Banos, who, with companion, drove to the cottage and witnessed the tragedy, and, if she can be found, the woman who took the money from Johnson on the day of the shooting.

Peter Johnson, brother of George, knows more of his brother's immediate past, probably, than any other, save Schmidt.

BROTHER'S STORY.

"George left me at Capitola the day before he was killed," Peter said. "He told me he was getting ready to go back to Pacheco Pass, near Los Banos where his ranch is. He and Schmidt had known each other since boys and had always been friends. Schmidt has been living with my brother for several years on the ranch and they were spending their vacation together at Santa Cruz. Neither of the men were accustomed to carry guns and neither of them could shoot at all. My brother had a revolver but he found it at the bottom of my way here. George was in good spirits when I saw him. He didn't talk about any trouble."

Schmidt was said to have been an expert at home brewing and wine making and demijohns and bottles of beer which were destroyed by the police testifying to his delinquency in this regard and in the manner in which he conducted himself.

Essays must be written on one side of the paper only. They must be signed with the writer's name, address, telephone number, school and grade. The contest will close Friday night. Address Electrical Editor, Oakland TRIBUNE.

## HOME ELECTRICAL AWARDS WAITING AUGUST TREND OF PRICES DOWNWARD

Just two more days to send in those essays and win the \$100 in prizes which The Oakland TRIBUNE is offering to the high and grammar school students who can plan the most beautiful, convenient and comfortable Modern Home Electrical.

Better hurry! Maybe your ideas are worth money. Hundreds of boys and girls have planned hundreds of interesting houses run by power. But maybe the best ideas have not come.

On Friday night the judges will begin to select the essays which on Sunday morning as prime winners will be published in Oakland TRIBUNE. There will be six of them—three by the high school students who have carried off the \$30, \$25 and \$15 awards; and three by the grammar school students who have won the \$10, \$8 and \$5 awards.

The Electrical Editor wants to know what each boy and girl in the city thinks about the Modern Home Electrical and how it can be arranged that a maximum of beauty and convenience may be obtained. He suggests that each contestant visit the Modern Home Electrical room opened daily until 10 p. m. in Lakeshore Highlands.

WASHINGTON, Sept. 1.—Refusal of the public to pay "excessive prices" caused a continuation of the downward trend of values in August, the federal reserve board declared in its monthly review of business conditions issued last night. The board added that the "re-action" against high prices had been accompanied by a general slowing up of demand in the wholesale field and by slight evidence of unemployment in some sections.

The board's review of the nation's business generally were more optimistic than recent expressions, and indicated an expectation of more stability of the transition period. It countered with the statement that progress in that direction is slow and "much still remains to be done" before the country can be said to be on a stable basis. The hopeful assertion was made, however, that the readjustment had commenced.

## MOTHERS' WHIP FOLLOWS TENDER KISS OF BRIDE

BY INTERNATIONAL NEWS SERVICE  
CHICAGO, Sept. 1.—H. R. Daniel, horsewhipped bridegroom, and Mrs. Sarah Frances Cooper Daniel, his 20-year-old bride, are recuperating today at the home of Daniel's sister, Mrs. C. C. Shriver, at Decatur, Ind., from their exciting experiences in Chicago yesterday.

Daniel, who is secretary of S. W. Straus & Company, New York, was married to Miss Cooper late yesterday after a thrilling elopement with an unusual and painful climax.

The bridegroom is nursing a lacerated face which he received when Mrs. Charles M. Cooper of Indianapolis, now his mother-in-law, lashed him with a whip in the crowded waiting room of the Union station, where he had just been tenderly greeted by his youthful bride-to-be.

"The marriage was precipitated," Daniel said today, "by Mrs. Cooper's action. When the trouble started we realized that the only thing to do was to get married right away—so we did. We had been engaged more than a year."

"You know," he continued, "rubbing his cheek there with a mother-in-law like mine."

Mrs. Cooper, however, is not reconciled today to her new son-in-law.

"Yes, I whipped him good," she said. "I gave him no more than he deserved."

## HOT LUNCHES IN SCHOOLS ASKED BY MOTHERS' CLUB

BERKELEY, Sept. 1.—A request from the Federation of Mothers' Clubs that the penny lunches served last year at the Hawthorne school be made a part of the regular school program was received yesterday by the board of education.

The mothers declared that the serving of the lunches was tried in the nature of an experiment and proved a success. Lack of funds with which to continue the work, the mother aid prompted the request that the board take over the serving of the lunches.

Hot chocolate, soup and sandwiches were served last year for pupils attending the lunch committee consisting of Mrs. Carrie Gibbs, Miss Bertha Prentiss and Director Carl Bartlett was nadied to represent the board in conference with Mrs. J. Koughan, former president of the mothers' federation who directed the serving of the lunches. The mothers asked that the Hawthorne school be made a part of the regular school program.

Mrs. Cooper, however, is not reconciled today to her new son-in-law.

# Back Achy? "Feel All Worn Out?"

"Every Picture Tells a Story"

RE you burdened from morning to night with a dull, nagging backache? Does any little exertion leave you "all worn-out"? Does it seem sometimes as if you just can't keep going? You know then, there is something wrong. So why not find out what it is and correct it? Very likely, it's your kidneys. Modern life with its hurry and worry, and lack of rest and sleep, throws a heavy strain upon the kidneys. The kidneys slow up and that tired, depressed feeling and constant backache, are but natural results. You may have headaches and dizzy spells, too, and annoying kidney irregularities. Don't wait for dropsy, gravel, or dangerous Bright's disease. Determine to be well and stay well. Use Doan's Kidney Pills. Doan's have helped thousands. They should help you. Ask your neighbor!

## These are Oakland Cases:

### MARKET STREET

E. R. Moore, electric welder, 2337 Market St., says:

"I was bothered quite a bit with my kidneys. I had a lame and aching back and my kidneys were tired and irregular in action. I read of Doan's Kidney Pills and used them as directed and they fixed me up in good shape. They strengthened my back and kidneys. I use Doan's occasionally if a cold settles on my kidneys and they are sure to give quick relief!"

Mrs. Katherine Stevens, 1600 9th Ave., says:

"Nine years ago my kidneys were in such a bad condition that I could hardly move. If I bent over to pick up a book I would get dizzy and pitch forward. My kidneys acted irregularly in the paper about Doan's Kidney Pills and decided to use them. Evidently Doan's were what I needed because they soon cured me and I felt better in every way." (Statement given April 20, 1917.)

On Jan. 16, 1920, Mrs. Stevens added: "I haven't had the least sign of kidney trouble since Doan's Kidney Pills cured me. I wouldn't use anything else if I should have an attack. I know Doan's are just as represented."

### THIRTY-FIFTH AVENUE

Mrs. Harriet Foulkes, 1738 Thirty-fifth Ave., says: "I can give Doan's Kidney Pills the highest praise. My kidneys were weak and if I overworked or took cold, it settled on my kidneys. I felt tired and dull mornings and had no energy. My back ached considerably and I often had headaches and the action of my kidneys was irregular. A short use of Doan's has never failed to give me quick relief from these attacks and strengthen my back and kidneys."

Mrs. E. W. Yale, 2325 Market street, says:

"I am glad to recommend Doan's Kidney Pills, for I know they are just as represented. I had kidney complaint and suffered with dull backaches and soreness across my kidneys. My kidneys acted irregularly. Doan's Kidney Pills stopped the backaches and put my kidneys in good order. I felt better in every way and heartily recommend Doan's to anyone in need of a kidney remedy."

# JACK REEVES AND F. BARRIEAU STEP FOUR ROUNDS TONIGHT

JUNIOR RELAY RACE FOR SCHOOLS AND PLAYGROUNDS WILL PRECEDE TRIBUNE MARATHON

## CANADIAN TITLE AT STAKE WHEN BARRIEAU AND REEVES HOOK UP

**Johnny Sudenberg and Leo Matlock Will Box Ten Rounds at Benicia Monday Evening**

By BOB SHAND

The middleweight championship of the Dominion of Canada will be at stake tonight at the Auditorium when Francois Barrieau, holder of the Canadian title, books up with Jack Reeves, product of the Mission, San Francisco. For a time Mick King, the wonderful Australian boxer, laid claim to the Canadian title, but Barrieau quite recently unceremoniously poked Mickey on the chin and it was more than ten seconds before his Micklets knew what had fanned him. None of the other middleweights over the border wanted anything to do with the championship, so they let Frank pack it in his grip and bring it to Oakland. Barrieau says the crown is the property of the first bird that defecates him, and Reeves is going to make a terrible stab at the title this evening.

There isn't going to be any scuffle in the clash of the middleweights and the lovers of neat boxing will probably be disappointed by the abundance of action and your regular fight fans prefer this to the hit and get away stuff. Barrieau says he is a long distance fighter and cannot go far over the distance, but Frank is not offering this as an advance alibi. He knew the distance when he signed for the bout and he would be taken in confidence with his previous title if he did not think he was Reeves' master. If Reeves is going to win tonight he will have to fight all the way. He has a good record of his own, however, and he made a fine showing for two and sometimes three rounds but he generally curled up in the fourth. Against a fighter of the Reeves type, C. C. C. will have to be on his toes all the time if he is going to catch the judge's eye. Reeves is a busy bird every second he is in the ring and they have never seen him sit down. San Francisco boy of backing up, Reeves is a cinch to make a fight of it. It is up to Barrieau to do his part.

MALONE'S JONES

All who care will turn out on the job to cheer for Frankie Malone when he hooks up with Larry Jones

They think the world of Frankie out at the Tract and they can't see where Jones can be. They are sure the ring with their idol Malone will be in his usual good condition as he has been training faithfully at Cliff Wixson's gymnasium for the past two weeks. If he is forced to do his best work and win a victory over him, Malone will shoot Malone back into the amateur class.

Bert Reeves, who dances with Young Anna, has been working at the West Oakland club and Manager Charlie Schwinn expects Bert to make an impressive showing. Forbes has seen Vierra in action and the Texan is sure he will be a good fighter with the local boy as he figures the Battler's kid brother is made to order for him.

Jimmy Roach and the Texas Kid, Al Ramies vs. Yg. Cumston. Gene Cline vs. Jack Papke.

**UPPER CUTS**

Nat Abraham, manager of Joe "King" Leopold, wants to match his son with the best. Leopold has made a good impression last week in his first start here and it does not run afoul of one of Roach's tight-fisted hands he should do a lot better for himself. He will likely perform well.

Eddie Gorman but expects to redeem himself tonight.

A young boxer from Fresno, Los Angeles and way points, has a date with Al Malone. Eddie Gorman meets Jack Papke and Eddie Gorman and Joe Cline round out the bill.

Matchmaker George Wilson has completed his card for the big show to be staged at the Benicia Armory on the evening of Sept. 1. Leo Matlock will step into ten rounds and this will be the only fight over that route in the state during the holidays. The scrapes take place of gaudy, colorful fighters the first can go the limit. Jack Davis will hook up with Tully Meredith over the six-round route and Jack Silve, the big Marin Island buckeroo, and Nels Johnson over the same route. The two four-round preliminaries will be furnished by Danny Edwards vs. Al Gordon and Young Sutherland vs. Dave Lewis.

On the afternoon of Labor Day Hippo Luhrs will stage a set of six-round bouts at Mare Island that should attract a large crowd. Hippo Luhrs is the best sailor boxer with lower bay four-rounders. Pans attending the Mare Island show can get to Benicia in plenty of time for the ten-round fight at night.

**Paving the Way for Santel-Londos Match In New York State**

Another "Terrible Turk" got his at Dreamland Park, San Francisco, last night. The Turk, John Londos, was tossed twice by Jim Lonous. The champion of ten Greco grapplers took the Turk in less than a minute. Santel, which of course put the Turk in the water, was the last to fall. Londos, however, refused to give up and, after a hard-fought battle, called quits for the first, and when Londos grabbed him by the hair and refused to let go, that's when Londos sounded. The second fall took

when Londos clutched an arm of Londos and Londos ducked a punch and a strait-cut to the chin. As a writer, Hussar, gave a grand little four-roader

With plans for the Eighth Annual TRIBUNE Merritt Marathon well in hand, a few words are in order regarding the curtain raiser event that will precede the Marathon on the morning of September 9th—the TRIBUNE junior relay. An annual event, the junior TRIBUNE relay is the most important in the athletic lives of the younger generation. Teams representing the various playgrounds and grammar schools of Alameda county comprise the personnel which will line up to contest for the banner that is awarded every year.

In the past Longfellow school has been a most consistent winner in the relay, but the record of W. A. Bunker, who has been most active in arousing interest among the youngsters of that institution. Last year was no exception and with eight boys who had participated in the relay, the team won the title. This year there is the possibility of another Longfellow school walk off with first place honors. This year there is the added factor of the new relay, which will be run in the second half of the double bill as though their legs were ready to bend under them. As early as the fifth inning of the second game, the fans were flocking from the park.

The Seals acted like a lot of young colts in the first game by defeating the Beavers 11-1, but the same bunch in the second game and acted as though they shot all their pep in the first contest. The Beavers walked off with a 7 to 1 win in the second game.

The fans don't seem to fall very strong for this double-header stuff. Maybe they would if the teams would go through the second half of the double bill as though their legs were ready to bend under them. As early as the fifth inning of the second game, the fans were flocking from the park.

The Seals were trailing 7 to 0 at that time.

Poor Sam Lewis, the big Texas gentleman is being made to do the "Ironman" stunt by Manager Charley Graham. Lewis is a big six-foot man who looks like a standing job, but when he isn't going to be of much use in the near future of Graham keeps using him as he has the last ten years. He is a real old-timer. Sam was on the ball, and he is out there again last Thursday. He worked seven innings against the Coyotes last Sunday afternoon and had to go to the hospital Saturday. On Saturday he was still in the hospital, but he had to go to the hospital again on Sunday. He is a real old-timer. Sam was on the ball, and he is out there again last Thursday. # POLICE PLY SHOVELS IN QUEST OF BODY AT 'MYSTERY CASTLE'

## EVIDENCE AGAINST DR. HICKOK SOUGHT AT SALADA BEACH

Dr. Galen Hickok, arrested yesterday on a charge of malpractice, following a raid on the "Castle of Mystery" at Salada Beach, where three young women alleged to be the patients of the Berkeley physician were discovered, has no police record in this city in connection with illegal operations, according to a report made by the Oakland police to the San Francisco department this morning. Search was made by the bureau of criminal identification at the request of the San Francisco police to discover if the central figure in the Salada Beach raid had ever been arrested in Oakland on similar charges.

There will be no police activity at present in connection with Dr. Rinehart Allen, 3033 Grove street, who is declared by Dr. Hickok to have been a principal surgeon at the "Castle of Mystery," the department declared today.

The sheriff and district attorney of San Mateo county, with the city physician of Redwood City, held a conference early this afternoon at the raided hospital with Detective Sergeant Miles Jackson, Detective Fred Bohr and Policewoman Catherine O'Connor. The 14-year-old Richmond girl and the 18-year-old Marysville girl were quizzed by them for the purpose of obtaining more information regarding their presence there. Mrs. Bertha Castle, the 21-year-old wife of a restaurant man of 52 Diamond street, San Francisco, has returned to her home.

Equipped with pickaxes and shovels a corps of police attaches are digging over the entire courtyard of the castle in search for a woman's body that they believe to be buried there.

Dr. Hickok, who was arrested yesterday at his home at 1500 Euclid avenue, Berkeley, on a charge of malpractice and removed to the San Francisco city prison, was released last night on \$2000 bail.

Officials of San Francisco and San Mateo counties have decided to prosecute Dr. Hickok on an alleged illegal operation on Mrs. Bertha Castle of San Francisco.

The case was first raided Monday night when Detective Jackson, Policewoman Katherine O'Connor and Detective Lester Dorman motored to the place, which was locked and barred on the inside.

The three police stood at the castle all night. They found three patients there, Miss Tevis, the nurse, who says the place has never been used for anything more than a legitimate sanitarium for Dr. Hickok's convalescent patients.

Besides Mrs. Castle there were a 14-year-old Richmond girl, who told the police she paid \$75 for an operation, and an 18-year-old girl from Marysville, who paid the doctor \$275. Mrs. Castle said she had paid \$50 and promised to pay \$200 more.

Mysterious disappearances of many young women are expected to

"Gate of Tragedy" and "Castle of Mystery" at Salada Beach, guarded day and night against possible raid. The main gate in the wall, it is charged, Dr. Galen Hickok and Miss Cleo Tevis, his nurse (pictured below), took care patients.

## U.C. AVIATION UNIT, UNIQUE IN U.S., NOW CONFIRMED

BERKELEY, Sept. 1.—Official confirmation of the establishment of an aviation unit at the University of California has been received from the United States government. The Berkeley institution will be the only university in the country to have such a unit, the award being made because of the record gained for the college by the ground school which was located on the campus during the war. The plan of President David F. Barrows, who was commissioned colonel during the war, was to maintain the aviation school at Berkeley permanently, and while in the East recently he made arrangements with the Washington officials to install the school.

The course of instruction will take four years, the first two to be along general mechanical lines and the other two in actual instruction in aerodynamics by a detail of army aviators. Practice flying will also be included in the course, two summer camps being required before commissions will be awarded to the students. The men attending these camps will receive full army pay.

The aviation course is intended for students attending the university and act as aid of the course the men will be given opportunity to enter the regular army service.

Other new military courses at the university this year will include instruction in the use of the machine gun, the automatic rifle, the hand grenade and all other weapons used in trench warfare. A unit of coast artillery will also be established for the university students.

PARENT-TEACHERS CALLED

The new kindergarten building will be opened at Manzanita school when the Parent-Teachers association presents a celebration program. Mrs. Jenny Wicks, kindergarten chairman, Oakland Federation, will be the speaker.

The Business and Professional Woman's club has announced as the speaker at the weekly luncheon in the Puritas cafe tomorrow, Mrs. Gladys H. Barnsdall.

**HOTEL MAN TO MARRY**

SAN FRANCISCO, Sept. 1.—At a dinner given last night to Billy Taylor, former assistant manager of the Palace Hotel, an announcement was made that his trip west from New York was the purpose of joining the ranks of the bachelors. Taylor is to be married to Miss Dorothy Hansen, daughter of Mrs. Marion Hansen, 230 Balboa street, and formerly Taylor's secretary at the palace.

Concrete streets, 4-in. and 6-in. cast iron water mains, sidewalks, sewers, etc., are otherwise alluring. The temptation to pick your teeth in them is irresistible, however, in the gums, suggests a cavity that only a dentist can repair.

Yes, it can be done and will. Come to Chevrolet Park Sale Sept. 4-5-6.

### Creating a "Living Trust" By Instalments.

Those who have investigated the operations of a "Living Trust" realize its many benefits.

It insures one's old age against loss of fortune; it provides a dependent relative with a regular income during the life of the trustor—a fine thing for a man to do for wife, daughter, mother or sister. It may take the place of a Will, with some advantages over one.

But many are deterred from creating a Living Trust because they cannot set aside AT ONE TIME, sufficient funds or securities.

Under the "Bank of Italy Trust Plan" you can operate a Living Trust on the Instalment Plan. This is a novel plan, introduced by this Bank. It is becoming popular with men of sound judgment. We would like to tell you all about it.

Ask for our booklet, "The Bank of Italy Trust Plan" for creating and enlarging an estate.

## BANDITS SMASH JEWELRY WINDOW; \$1000 IS TAKEN

CONCORD, Sept. 1.—One of the most daring robberies that has occurred in the history of Contra Costa county took place last night when three automobile bandits, after smashing a plate glass window here, escaped with \$1000 worth of jewelry and money.

Although the night watchman was on duty, the bandits drove up to the store some time during the night and smashed the window with rocks, while in nearby dwelling houses and a hotel, many persons slept, undisturbed by the noise of splintering glass.

According to the sheriff's deputies, who investigated the robbery early this morning, there were three men in the car, which is believed to have been a high-powered automobile, probably steel-bodied, driven by the robbers. Even finger prints, it is believed, will be lacking owing to the use of gloves. The robbery is declared by the authorities to be a most daring crime.

A druggist living across the street told the authorities today that a short time after midnight he heard a car drive up, a squeaking of brakes, followed soon by a crash. A short time after, he said, he heard the car drive away.
